

Project : Support to the Development of Active Employment  
Policy in the Ukraine

Duty Station / Project Country : Kiev in the Ukraine

Task Description : In accordance with Terms of Reference and the relevant  
sections in the Approach and Methodology.

Expected date of Commencement : September 1997

Expected duration :

Carsten Høymann Olsen: 6 working months with a possible extension of 1½  
months within a period of 24 months.

Claus Nue Møller: 1½ working months with a possible extension of ½ month within a  
period of 24 months.

Nete Svennekjær: 1½ working months with a possible extension of ½ month within a  
period of 24 months.

### **C. Remuneration**

The remuneration will consist of fee and daily allowances.

The fee per working month is 10.000 ECU excl. VAT. The time worked is computed in  
calendar days. Therefore, the fee per monthly calendarday is 333,33 ECU, since one  
month comprises 30 days. This does not mean that the experts have to work during the  
weekends, but it means that the number of days the experts have to be in the project  
country is the number of months they are employed for multiplied by 30.

The experts will be entitled to the Public Holidays in the project country, but not to those  
in other countries. This leave is to be taken in agreement with the Project Manager.

Living expenses in the project country will be covered by daily allowances at 150 ECU  
per calendar day.
